

OAASIS INFORMATION SHEET

Social Skills for children & young people with Asperger Syndrome and similar conditions

Teaching social skills for children and young people with Asperger Syndrome or High Functioning Autism must happen across the board. Both at school, at home and at play, you can help your child with his communication skills, empathy and imagination. **Inappropriate** behaviour or speech must be discouraged every time and correct alternatives offered.

They will need to be taught repeatedly by examples, watching a video recording, listening to their recorded speech, using a mirror, role-playing and so on how to both use and/or interpret:

- social behaviours
- the use and meaning of eye contact
- inflections and voice tone, volume, rhythm and speed
- suitable length of conversations, including beginning and ending one
- physical proximity to others
- facial and hand gestures
- humour, figurative speech, sarcasm, metaphors
- meeting unfamiliar and new people
- having an interest in more than one topic
- problem-solving strategies
- troublesome situations
- appropriate choices.

COURSES:

ICAN is a national charity for children with special needs and speech and language difficulties. It runs training courses and produces publications on communication and language skills. I CAN, 8 Wakley Street, London EC1V 7QE. Tel: 0845 225 4071. Website: www.ican.org.uk Email: info@ican.org.uk

Circle-Time is a good arena for helping students develop their social skills, and to promote universal understanding of others' individualities. For further info try www.circle-time.co.uk and www.circletime.co.uk.

Social Stories devised by Carol Gray. These individualised social stories and comics help those with Asperger Syndrome or High Functioning Autism to understand social concepts, changes in routine, theirs and others' feelings etc and can be adapted for virtually any situation or person. Useful for parents, carers and teachers. Visit Carol's own website for information, advice and downloadable items: www.thegrayscale.com. Details of training for Social Stories can be found at www.autismuk.com. You can also subscribe to *Autism Spectrum Quarterly*, a magazine from the USA edited by Carol Gray and others for people with autism and those who work with them, via their website or Tel: 01536 523274.

READING see also *OAASIS information sheet 'Books - where to find them'*

There are now many books on what ordinary living is like for a young person with Asperger Syndrome. Many of them mention the difficulties they are likely to encounter, and offer guidance. Some are stories written by children or young people with AS; a few we might consider rather clumsy attempts to offer ready-made social gambits. But check them all out; one might just be *the* book that not only entertains your child, but also will give him an insight into possible future social pitfalls and may give you both something to discuss.

OAASIS publishes **A First Guide to Asperger Syndrome (2nd edition)** in its **First Guide** series. Price £6.00 plus p&p. You can ring or write to OAASIS at the address over the page for a publications list and order form or visit the website.

OAASIS free Information Sheets: including 6 others on different aspects of ASP. Please contact OAASIS for the full list or download them on the website www.oaasis.co.uk.

Information for parents - autistic spectrum disorders a free book with lots of advice and contacts available from DCSF Publications, PO Box 5050, Sherwood Park, Annesley, Nottingham NG15 0DJ, Tel: 0845 602 2260 or download from their website at www.earlysupport.org.uk.

Check these publishers for new books on Asperger Syndrome/autistic spectrum disorders, which come out regularly:
